Debits & Credits
50 Dunlop Street East
Barrie, Ontario

I began dealing with Rene Galloway from Debits & Credits a little over 2 years ago when I needed someone to come in and assist some of my clients in setting up and running an entire set of accounting records. To my benefit Rene took additional steps to better the accounting process for my clients through the following:

- Ensuring that month end reporting is completed on a timely basis
- Preparing a full set of working papers for year end, including any required corporate tax information
- Assisting the client with the year end entries and ensuring that they agree with all issued financial statements.
- Ensuring that clients report to governing bodies on time and with accuracy

Rene ensures that she is aware of all significant events/changes that concern her clients.

Sincerely,

Jackie Dean, B.A., CMA
