To Whom It May Concern

I feel compelled to offer this letter to recommendation after having lost my previous bookkeeper. I felt that I had a few problems that had not been addressed. It was not until I hired Ann that I realized what a terrible job my previous bookkeeper had been doing. Ann quickly cleaned up a series of problems.

The company Debits & Credits and Mrs. A. Smith has exceeded our expectations and she has been a blessing to me.

I would not hesitate to recommend Ann's bookkeeping service to you.

Sincerely

B. J. (Ben) Brasz
